Work experience

Delta Chi Early Childhood Centres - South Campus | Jun 2025 - Jul 2025

Early Childhood Educator Assistant

I supported toddlers in daily routines such as meals, toileting, transitions, rest time, and outdoor play while ensuring their comfort and well-being. I built warm, responsive relationships with children while consistently following centre routines and safety procedures. I planned and implemented developmentally appropriate experiences aligned with the ELECT framework to support early learning. I observed children's development and completed accurate anecdotal documentation to inform practice. I also used positive guidance strategies to encourage self-regulation, sharing, and positive social interactions.

The Olivia DiMaio Early Learning & Child Care Centre | Nov 2025 - Dec 2025

Early Childhood Educator Assistant

I supported preschool children throughout daily routines and transitions in a busy childcare environment, helping to create a safe, structured, and nurturing atmosphere. I assisted educators with curriculum planning and the set-up of play-based, child-centered activities that encouraged active learning. I engaged children in small-group and individual learning experiences to support their holistic development, including social, emotional, and cognitive growth. I promoted inclusion by adapting activities and providing individualized support based on each child's strengths and needs. Additionally, I observed and documented children's learning and behavior, contributing to reflective practice and the ongoing improvement of the learning environment.
